Re: Request for copies of  
Mining & Reclamation  
Plans (Operational Plan)  
for the Betty & Glade Mines

Dear Mr. Roberts:

This letter is a follow-up to our telephone conversation of May 27, 1981 concerning the present status, projected reclamation and change of ownership plans for Energy Fuels Nuclear Betty and Glade Uranium Mines located in San Juan County.

The Division requests a copy of the "operations" and/or reclamation plan for each of these mines. It is our understanding that the local Forest Service office has been supplied with these plans and that each has been bonded.

Upon receipt of this material, the Division will review the plans according to the rules and regulations as defined by the Utah Mined Land Reclamation Act (Title 40-8). Upon completion of review, written comment will be provided to your company as to adequacy of said plans.

The Division appreciates your continued cooperation in these matters and will be receptive to any questions which may arise.

Sincerely,

*D. Wayne Hedberg*
